WAN  
DESIGN

The lightest  
fashion accessory,  
by weightless, is  
a series of jewelry  
all in one... You can  
play with it, have fun  
with your jewelry, it is  
multifunctional and for  
any woman at any time...  
It is a necklace, a bracelet,  
a belt, it is whatever you would  
like it to be. It is your personality...  
in perfect harmony with the greatest trends...  
be and function.
